

STEERING YOU IN THE RIGHT DIRECTION

The Montefiore St. Luke's Cornwall Driver Evaluation & Advisement Program

FOR MANY OF US, DRIVING A CAR MEANS INDEPENDENCE AND PARTICIPATION IN ACTIVITIES WE LIKE AND NEED TO DO.

If you are concerned about your driving skills, or the abilities of a loved one, you can take advantage of the Montefiore St. Luke's Cornwall Driver Evaluation & Advisement Program. Performed by MSLC's Outpatient Rehabilitative Services Department, the evaluation identifies physical or cognitive changes that may affect driving ability.

For more information about the MSLC Driver Evaluation & Advisement program, please call our Rehabilitative Services Cornwall location at (845) 458-4267.

DRIVER EVALUATIONS MAY BE APPROPRIATE FOR THOSE WITH, BUT NOT LIMITED TO –

- Neurological conditions such as stroke, head injury or Multiple Sclerosis
- Alzheimer's Disease/Dementia
- Developmental disorders
- Psychiatric disorders
- Diabetes/Neuropathy
- Orthopedic conditions
- Amputations
